Andrew – Atlantic Richfield does not object to sharing the June 12 letter with NDEP. This should not affect our assertion of FRE 408 protection, but please convey to NDEP the confidential nature of the information.

Subject: Anaconda, ARC's June 12, 2015 letter

Jim and Adam,

I will be providing a response to ARC's June 12, 2015 letter, but I wanted to confirm with you no objection to sharing the letter with NDEP. In the past, despite the assertion of FRE 408, ARC has not objected to sharing the letter with NDEP. As you might imagine, NDEP is clamoring to know what's going on in our discussions, and had been privy to some of the discussions in meetings. If you have concerns about this, please let me know.
